

## AWWAIndia at IWWA Smart Water Solutions for Smart Cities

The Indian Water Works Association organised an International Conference on Smart Water Solutions for Smart Cities held at The O Hotel, Pune from 21<sup>st</sup> and 22<sup>nd</sup> October, 2016. AWWAIndia participated as a supporting association.

The main objective of the conference was to focus on government's ambitious goal to develop smart cities through their smart project '100 Smart Cities' and discuss how to achieve these goals by debating on trending issues like Intelligent Water Technologies, Smart Water Management Network, Problems, Trends and Solutions in India with regards to Water & Wastewater Management, Water and Sanitation safety plans and management.
