

## AWWAIndia participated in 2<sup>nd</sup> Annual National Summit Sustainable Water & Sanitation, New Delhi

AWWAIndia partnered with NISPANA for the 2<sup>nd</sup> Annual National Summit Sustainable Water & Sanitation, held at Eros Hotel, New Delhi from 1<sup>st</sup> to 2<sup>nd</sup> December 2016. This was another event as a part of our strategic vision for India, where AWWAIndia supports initiatives that bring together important Stakeholders from across the spectrum of the water sector.

The second edition National Sustainable Water & Sanitation Summit brought together the intelligentsia from the water industry in an effort to catalyze collaboration between the public & private water utilities, technology providers, financiers, industrial end-users, associations in addition to water & sanitation agencies. The event objectives was to exchange knowledge, technologies, guidelines and tools for implementation and operation among public authorities, private companies, service providers and SMEs, enabling partnerships and creating favorable environments for the application of technologies for sustainable water and sanitation.
